Sub.:- Performance of 2 Nos. KB 1750 Kgs / charge Batch type centrifugal machine supplied in this season.

Dear Sir,

With reference to the above, we have pleasure in informing you that the performance trials of the above machine is taken along with your engineers. These machines have been commissioned at the start of this crushing season and have been giving the performance to our satisfaction since then. We are getting more than 22 Cycles / Hr. right from the commissioning and capacity 1750 Kg / Charge plus. We are getting very good sugar quality, colour and good difference between A - Heavy and A - Light. We are happy with the services given by Krupp and have not found any problem whatsoever.

Thanking You and expecting same services from you in future.

Yours Faithfully,
For Jawahar S.S.S.K.Ltd., Hupari.
