TO WHOMSOEVER IT MAY CONCERN

M/s.Thyssenkrupp Industries India Pvt. Ltd. has supplied, erected and commissioned 1 Boiler as per following rating at our factory for our Co-Generation Plant of 9.00 Mw capacity.

The Boiler rating – Multi-fuel.Boiler 60TPH x 67 bar x 510⁰ C. The Boiler was successfully commissioned in season 2011-12 and is operating at the rated capacity.

The performance guarantee test for the Boiler was conducted, operating parameters recorded during operation and found to fulfill contractual obligations.

We are much satisfied with the operation and performance of the Boiler.

Vijay Autade
Managing Director
